Re: Telemedicine

Stamford Faculty and Staff,

As a member of CASEBP you have access to a doctor 24/7. Catskill Area Schools Employee Benefit Plan added MDLive to plans which offers on-demand access to health care- anytime, anywhere.

Doctors can diagnose your symptoms, prescribe medications (when appropriate) and send the prescription to your nearest pharmacy. Our carrier, Excellus BCBS via their partner MDLIVE, now offers another alternative to receive care. All doctors are US board certified and can treat you right from your home, office, or on the go for non-emergency medical conditions.

The web address below provides in depth information and a short video about Telemedicine. Please see the attached brochure which provides enrollment information (WEB; APP; TEXT; VOICE) in order to register for the program as well as set up an Excellus account.

Website address is: Excellusbcbs.com/telemedicine

Sincerely,

Dr. Glen Huot
Superintendent
